Relay Electric Contracting Inc. is an electrical contractor company that provides electrical services to Government Federal Agencies and Commercial Industries. Our great record of performance from planning phase to execution of each projects, shows the knowledge required, the qualified electricians, and resources, needed to execute every electrical job. Under personal supervision from Mike Machado, President and Chairman, who himself is a master electrician with 20 years of experience in the electrical field.

Relay Electric Contracting, Inc. was founded in 2002 to provide electrical services in the commercial, industrial, and residential areas. We build our business reputation on our commitment to our service quality, the quality of our staff and the cost effectiveness of our solutions. Our corporation has strong relationships with government agencies like U.S. Department of Agriculture, U.S. General Services Administration, and the State Department. References upon request.

Our past performance was rewarded by U.S. Small Business Administration (SBA) who awarded Relay Electric Contracting Inc. with the certification as a Participant in the SBA 8 (a) Business Development Program, additionally our firm is certified as a Small Disadvantaged Business (SDB) in the Federal Government's SDB Program.

Mission Statement

Our mission is to be the best electrical contractor in our field; experienced, responsive, competitive, and on-schedule. These qualities translate into excellence and trust over 20 years of service. Through extraordinary personal service, attention to detail, and commitment to our customers' needs, we have earned a reputation for excellence that keeps our clients coming back again and again, and consistently referring Relay Electric Contracting, Inc. with confidence.
